Baker F1200 Roll-in Freezer

Item numer: 941220220

Professional refrigerated appliances must be designed to meet the daily needs of the bakery. Baker F1200 is a durable and reliable high-quality roll-in freezer with versatile applications, built for demanding professional use. Low operating costs, high temperature stability and easy cleaning make this freezer the ideal partner for professional users.

PRACTICAL DETAILS, GOOD ERGONOMICS AND EASY CLEANING

Electronic control with safety functions for optimal product protection, an easy changeable sealing strip, and an easy-to-clean stainless-steel surface are only some of the many advantages of this freezer.

SUSTAINABILITY AND ENVIRONMENTAL PROTECTION

All G+ products are made in Denmark. Regional suppliers, environmentally friendly production processes, ergonomic workplaces and an energy supply based on renewable energy sources make the production of G+ products one of the most advanced in the industry.

EVEN TEMPERATURE DISTRIBUTION

The freezer is equipped with a powerful, ventilated cooling system, which ensures a good temperature stability and air distribution. The efficient cooling system prevents the products from drying out.

WHAT IS G+?

G+ is Gram Professional ApS's brand for professional refrigeration and freezer products for food storage.

'G' symbolizes, that we have roots in the Danish Gram Group.

'+' symbolizes, that innovation is a part of our DNA and that we continuously develop to live up to the needs and expectations of our customers.

TECHNICAL SPECIFICATIONS

Product name	F1200 G S R	Refrigeration capacity at -25°C	633 W
Product type	Professional roll-in freezer	Connection	230 V, 50 Hz, 3,97A
Temperature range	-25/-5°C	Connection load	658 W
Volume (gross / net)	1422 / 1273 L	Warranty	Up to 5 years
Dimensions (WxDxH)	880x1088x2362 mm	Climate class	4 (30°C/55% RH)
Material (exterior / interior)	Stainless steel / Stainless steel	Door type	Isolated door
Gross weight	195 kg	Tray rack trolleys	For EN-tray size 60x80 cm
Refrigerant / charge	R290 / 105 g	Equipped with	Right-hand hung door with lock and automatic defrosting.
GWP and Co2 equivalent	3 / 0,000315 t
